Alumni Reunion

Annual Report - 2017

7th January, 2017

The evening of 7th January was the Alumni meet of the esteemed students who graduated out from our college. The evening started with the registration of the alumni attending the reunion. The meeting for the formation of the new managing committee was graced by our Managing Director Fr. S. Almeida and our respected Principal Dr. S. M. Khot. The reunion began with the welcome song by the current students. It was followed by a speech by the principal about AlmaConnect and our respected alumni.

There was a logo design competition organized during FACES by the alumni committee. The winner was felicitated by the principal and the managing director. After this a small prize distribution ceremony was organized to felicitate the students for their academic achievements. This was followed by a speech by one of the achievers. Then the students who had completed 15 years of graduation were felicitated. Father then gave us a speech on how to bridge the gaps between the two generations i.e. the graduated students and the ones still studying.

This year, the inaugural edition of 'FRAMES CONNECT', the newsletter for our alumni was released by the managing committee which was distributed among all present in the function.

Everyone was pretty excited on meeting one another after a long time since they were all busy with their new-found jobs. Video and audio messages by alumni who couldn't attend the function were played which took them down the memory lane. The new managing committee was then announced. The 'Share Your Book' drive initiative by the alumni was then explained. Mr. Karan Balkar then came forward to address us about the collaborative approaches taken by the alumni committee. He made us believe that such an initiative taken by the ex-students shall change the face of Agnells in the outer world. Then many alumni students came and shared their jovial experiences about college life with everyone.

The reunion was concluded with the vote of thanks by Ms Shweta Tripathi followed by dinner. The evening turned out to be a great event with over 300 individuals attending it and making it special. Hopefully, we have many more such exciting and great reunions.

Action items
1. New initiatives

Status
Resume building workshops

One of the best practices observed in reputed institutes is the importance of proper resume building before applying for placements, higher studies etc. It was discussed to have a workshop where in Alumni can visit college either for a day or more and interact with students to help them build their resume. Separate tracks can be organized for students interested in pursuing M.Tech, MBA, MS etc.

Suggestions
Shubham - We could start with this as early as possible probably with 2nd year students.

2. Placement database

Update and maintenance of Placement database

Our placement database needs to updated and maintained to allow ease of access to students. It was discussed to have own private channel of Alumni interview experience videos that can benefit current students who require information about the interview process for a particular organization.

Also, it was discussed that we need to have a centralized placement web portal that can either be taken up as project at final year or can be an enhanced version of the existing Compag portal developed by our Alumni in the past.

Shweta ma'am - Instead of having a private video channel, leverage existing Alma connect platform. All information about Alumni including job details etc. are already available on Alma connect

3. Book bank initiative promotion

Starting off campaign for Book Bank drive

As college re-opens on 3rd July, we need to plan to promote the initiative by creating a campaign for the same.

It was discussed that **PR committee** will involve FRAMES officers from 1st to 4th year (may be two from each class)

who can help in promotions, video/pics editing, creative ideas and other activities.

4. Technical guest lectures – Schedule plan

Planning a schedule for technical guest lectures

Based on the responses received from Alumni (across all branches) to conduct technical lectures, a plan needs to be created and shared in advance. Plan to include proposed topic and date of lecture, meeting type (personal or Skype) and target audience (2nd year, 3rd year so on)

Karan – Plan will be created and shared before the college re-opens.

5. Compulsory fee payment for placement training

Alumni have unanimously expressed disagreement on the recent compulsion of Rs. 2000/- imposed on the current students for external placement training.

Alumni would like to understand the list of benefits that current students would get by enrolling for the same as well as get the details of the entire training.

Conclusion: We are planning to have a physical meeting in college on Saturday, 8th July 2017 at 2:00 pm to start actual execution of all activities discussed in the meetings conducted so far. Request all FRAMES council members to please attend the same.

Annual Report - 2016

9th January, 2016

The evening of 9th January was meant to be a special one since it was the birthday of our dear Managing Director Fr. S. Almeida and as well the Alumni meet of the esteemed students who graduated out from our college. The evening started out with the cake cutting ceremony. The students present were ecstatic to meet the Managing Director of their beloved college after a long time. After the cutting of the cake, an inspiring and motivational speech was given by our Managing Director and our respected Principal Dr. S. M. Khot. Father gave us an advice on how to bridge the gaps between the two generations i.e. the graduated students and the ones still studying. On receiving enlightenment on how to bridge gaps the students moved on to register themselves at the registers desk.

Everyone were pretty excited on meeting one another after a long time since they were all busy with their new-found jobs. After everyone took to their seats a small documentary was played which got everyone teary eyed since it took them down the memory lane. Mr. Mubhashir, Vice President of FRAMES, then took over the mic and inaugurated "AlmaConnect", a platform to connect the graduated students and the ones studying. This announcement was encouraged by Fr. Almeida and Dr. S. M. Khot.

After the announcement was made, one of the current student performed a classical dance for the audience. It was a mesmerising performance. After this a small prize distribution ceremony was organised to

felicitate the students for their academic achievements. Thereafter, the Secretary, Mr. Karan Bhalekar came forward to address us about the collaborative approach which was taken to create the online portal, AlmaConnect.

For the next part of the program, a small cultural skit was organised which was performed to make people aware of the day-to-day mishappenings encountered by women in India. After this, Nikhil Bajpai came over to share his thoughts. He further stressed upon the benefits of AlmaConnect. He made us believe that such an initiative taken by the ex-students shall change the face of Agnels in the outer world.

Later a western dance was performed to lighten up the mood of the audience. After this power-packed performance, a small game was played with the audience in which startling revelations came to light which made the audience go into splits. Amidst the program everyone sensed the absence of their beloved ex-principal, Dr. Rolin Fernandes, who retired a year before. The current Principal then addressed the students about Dr. Fernandes' whereabouts.

With these words of the Principal the program came to a sweet end. The growling stomachs of the students and the teachers were satisfied by the delicious and mouth-watering food.

The evening turned out to be a great event with over 300 individuals attending it and making it special. Hopefully, we have many more such exciting and great reunions.

Annual Report - 2015

9th January, 2015

9th January was a memorable evening for the stake holders of Fr.CRIT. It was an evening which hosted by delegates of our International Conference ICNTE2015 and our Alumni students. It also became special one since it was the birthday of our dear Managing Director Fr. S. Almeida. The evening started out with the cake cutting ceremony. The students present were ecstatic to meet the Managing Director of their beloved college after a long time. After the cutting of the cake, an inspiring and motivational speech was given by our Managing Director and our respected Principal Dr. Rollin Fernandes. Father gave us an advice on how to bridge the gaps between the two generations i.e. the graduated students and the ones still studying. On receiving enlightenment on how to bridge gaps the students moved on to register themselves at the registers desk.

Everyone were pretty excited on meeting one another after a long time since they were all busy with their new-found jobs. After everyone took to their seats a small documentary was played which got everyone teary eyed since it took them down the memory lane. Mr. Manish Punjabi, Treasurer of FRAMES, then took over the mic and inaugurated

“briefed up about FAMES and the motive for which FRAMES was formed.

After the talk, one of the current student performed a classical dance for the audience. It was a mesmerising performance. After this a small prize distribution ceremony was organised to felicitate the students for their academic achievements. Thereafter, the Secretary, Mr. Karan Bhalekar came forward to read out the activities of 2014-15.

For the next part of the program, a small cultural skit was organised which was performed to make people aware of the day-to-day mishap-penings encountered by women in India. After this, Nikhil Bajpai came over to share his thoughts. He further stressed upon the benefits of FRAMES. He made us believe that such an initiative taken by the ex-students shall change the face of Agnels in the outer world.

Later a western dance was performed to lighten up the mood of the audience. After this power-packed performance, a small game was played with the audience in which startling revelations came to light which made the audience go into splits. The Principal then addressed the students

With these words of the Principal the program came to a sweet end. The growling stomachs of the students and the teachers were satisfied by the delicious and mouth-watering food.

The evening turned out to be a great event with over 325 individuals attending it and making it special. Hopefully, we have many more such exciting and great reunions.
