50 : 30 : 20
Need : Want : Saving

Road Map.

Plan your Savings.
Build an Emergency Fund.
Park minimum requirements in Liquid Funds.
For mid-term needs, invest in Fixed or Recurring deposits.
For the long-term, invest in yourself for maximum future returns. Look for long-term options in partners, friends, people and companies you work with.

Chetan Velonde is presenting

Steps Towards Sustainable Packaging

Small changes that can make a difference

- Reverse vending machines and third-party organizations will be used to dispose of e-commerce boxes and cartons, rewarding customers with points/discount coupons that can be spent on subsequent purchases.
- Using Polylactic acid (PLA) has a substitute for plastic that is made from fermented plant starch
- Using waste from the Sugar industry like bagasse for producing sustainable packaging cartons.

Any overall feedback for the event?

12 responses

Very good organaized event

The event was really well managed publicity should be more so that there is more competitive and new ideas. Increase the price money 😊

It was a great opportunity to learn how to participate in such competitions with an solution oriented approach

Really good and well organized

the event was good. i liked the presentations given by everyone. the q and a session was good.

Very good

It was good

Good efforts from both host and participants

Sustainable, Ethical, and Environmental Development (SEED) Students' Council

- Ways to create awareness among the society and secure their social responsibilities at the same time.
- How interested students can focus on their curriculum as well as make time towards working in social impact space.

c.) Outcome:

- Participants realized the importance of social responsibilities not only as a person but also as an engineer.
- Participants came to know about starting-up at an early stage and also received guidance on how to cope up with the failure and always be motivated to do better.
- Participants understood the necessity of proper career guidance and how it helps in finding the right path.
- Participants learnt how socially inclined people can learn to manage their time as students and get started towards the social impact space in the student phase itself.
