Workshop 1: Importance of Data Visualization

Event Report

- **Name of the Department/ Institute level Committee :** CSI-IT
- **Name of the Workshop :** Importance of data visualization
- **Event Venue & Date :** Venue - MSTeams and Date - 30/08/2021
- **Nature of Participants :** Students of Semester 3 and 5 / Staff of IT Department FCRIT.
- **Number of Participants :** 40
- **Student Coordinator :** Esther Chettiar and Rushikesh Bobade
- **Staff Coordinator :** Prof Sharlene R and Shantanu Sir

Brief Summary of the Workshop

Objective:

The main objective of this workshop was to show how data visualization is important in the modern era. It also aimed to create interest in the field of data science. Since data is found everywhere and to analyse and plot it is the demand of the industry the secondary level objective of this workshop was give the best beginner level introduction.

Technical Description:

The main prerequisites of this work shop were python 3.9 , jupyter on their devices. The libraries included as prerequisites were NumPy, pandas and matplotlib.

Outcomes:

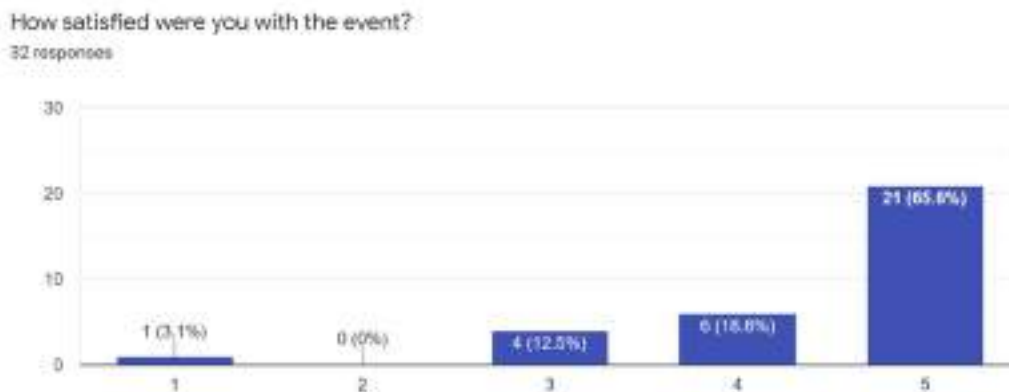

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

The entire workshop was conducted in a very uniform manner. No technical or interpersonal issues were faced. It began with a formal introduction if the speaker given by one of the student monitor. After that the workshop commenced. The speaker gave a detailed overview of how the data is stored , plotted and used. A flowchart was shown regarding the same. Steps to install jupyter and setting the system variables was shown. Demonstration on jupyter was started and the speaker made sure everyone was keeping up with him. Various types of plots were shown and calculations regarding them with code was explained. In all after the live demonstration , the speaker showed 3 working projects he worked on using the concepts that he demonstrated in jupyter.

Summary of Feedback :

From the feedback which was filled by the participants ; almost 75% were of semester 5 , 21.9% were of semester 3 and 1% of semester 7. Following were the responses that were given for the workshop :

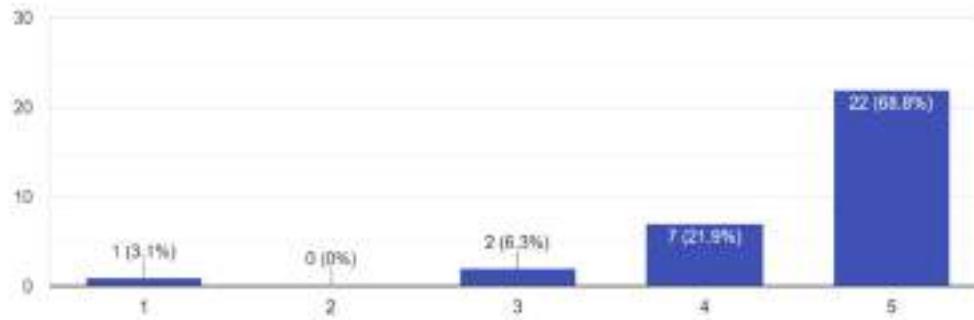

Agnel Charitie's

Department of Information Technology

Overall feedback of the event

32 responses

Only positive additional feedback was received.

Action to be Taken based on Feedback :

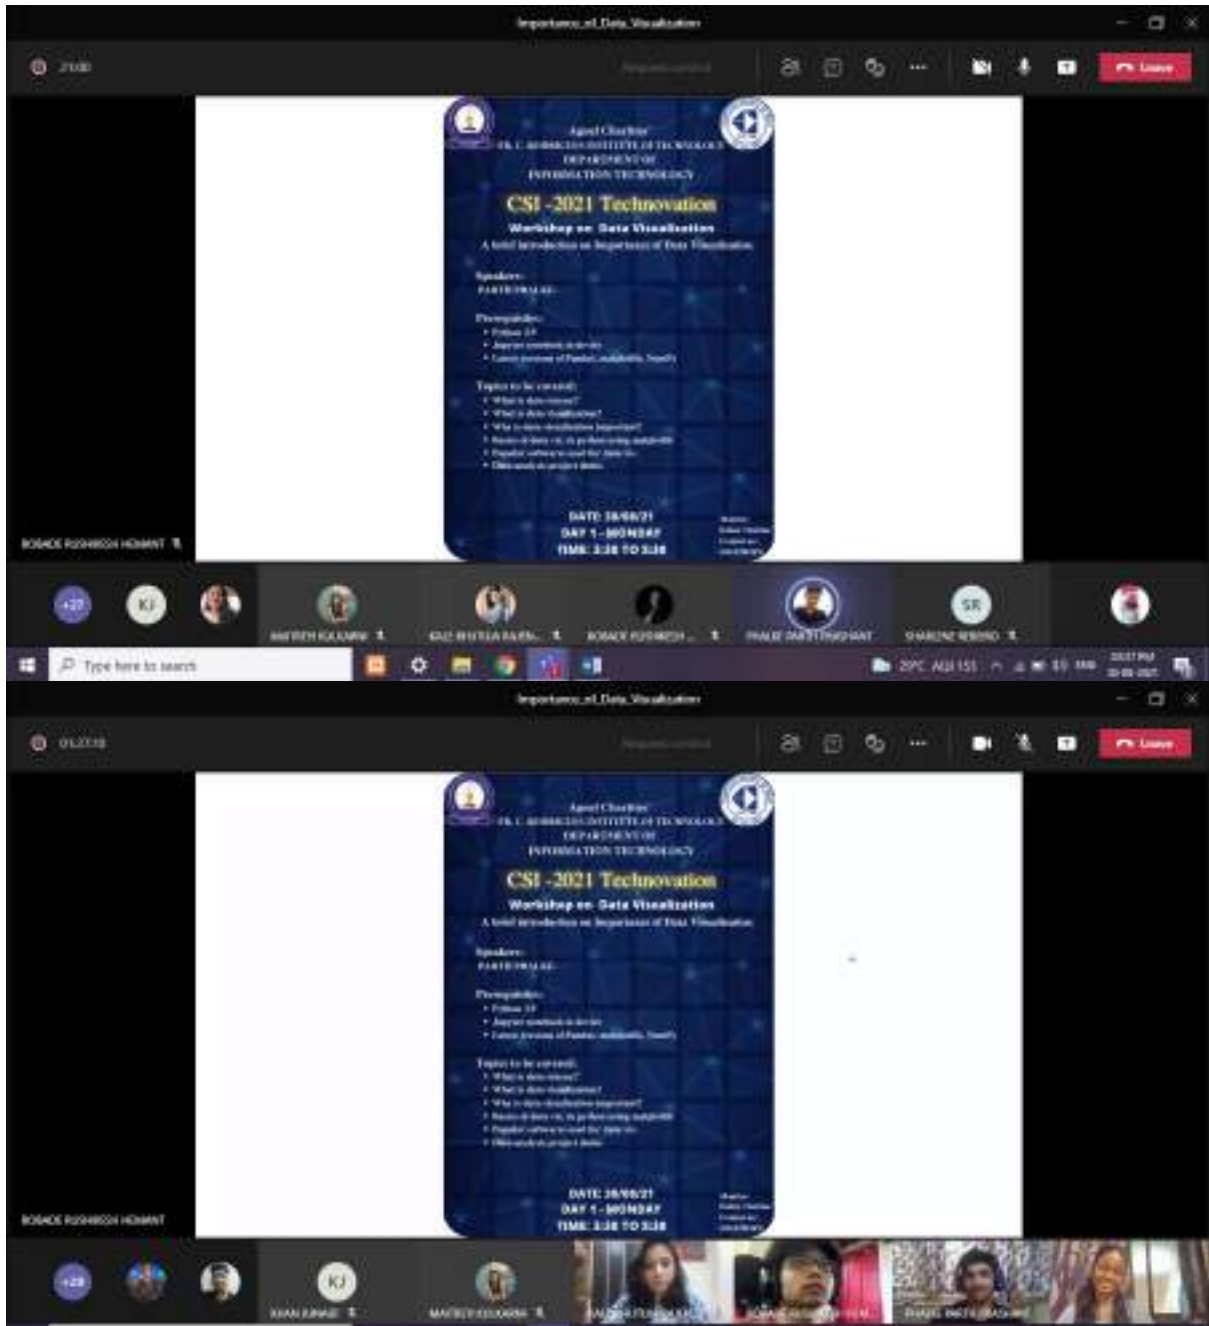

Based on the feedback and the additional feedback it is save to say that the event was a success. Attendees were satisfied and happy with both the content and organizing committee. As there is always a growth for improvement, the factors on which we should act on is interaction with the attendees.

CSI - 2021 Technovation
Workshop on Data Visualization
A brief introduction on Importance of Data Visualization

Participants:

- Pratik J.
- Agnel Charitie's Institute
- Current presence of various institutions, faculty

Topics to be covered:

- What is data science?
- Why is data visualization important?
- Basics of data viz. in python using seaborn
- Practical application using the same viz
- Other useful python viz.

Workshop 2: Android Development

Event Report

- **Name of the Department/Institute Level Committee:** CSI - IT
- **Name of the Activity/Event:** Android Development Workshop.
- **Activity/Event Venue & Date:** The Event was conducted on “Microsoft Teams Platform” on 30 August 2021.
- **Nature of Participants:** Students of Semester III, V, VII attended the Event.
- **Number of Participants:** Altogether 37 Students participated in this Event.
- **Student Coordinator:** Abhishek Yadav and Swapnil Deshmukh.
- **Staff Coordinator:** Prof. Sharlene R and Binoy Sir.

Brief Summary of the Workshop

Objective:

The main Objective of the Android Development Workshop is to provide in-depth Knowledge about How Android OS works and how we can use it.

Technical Description:

The Main Pre - requisites of Android Development Workshop were Android Studio with Complete Setup, Google account for Firebase and USB (micro USB, Type-C) with data transfer capability

Outcomes:

The Android Development Workshop covered Various Topics related to Android like Basics on How to Use Android Studio, Google Firebase and Real-time Database.

Agnel Charitie's

Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai

Department of Information Technology

A Brief Overview was also given on Splash Screen and Layouts and how they can be Useful while developing Android Applications.

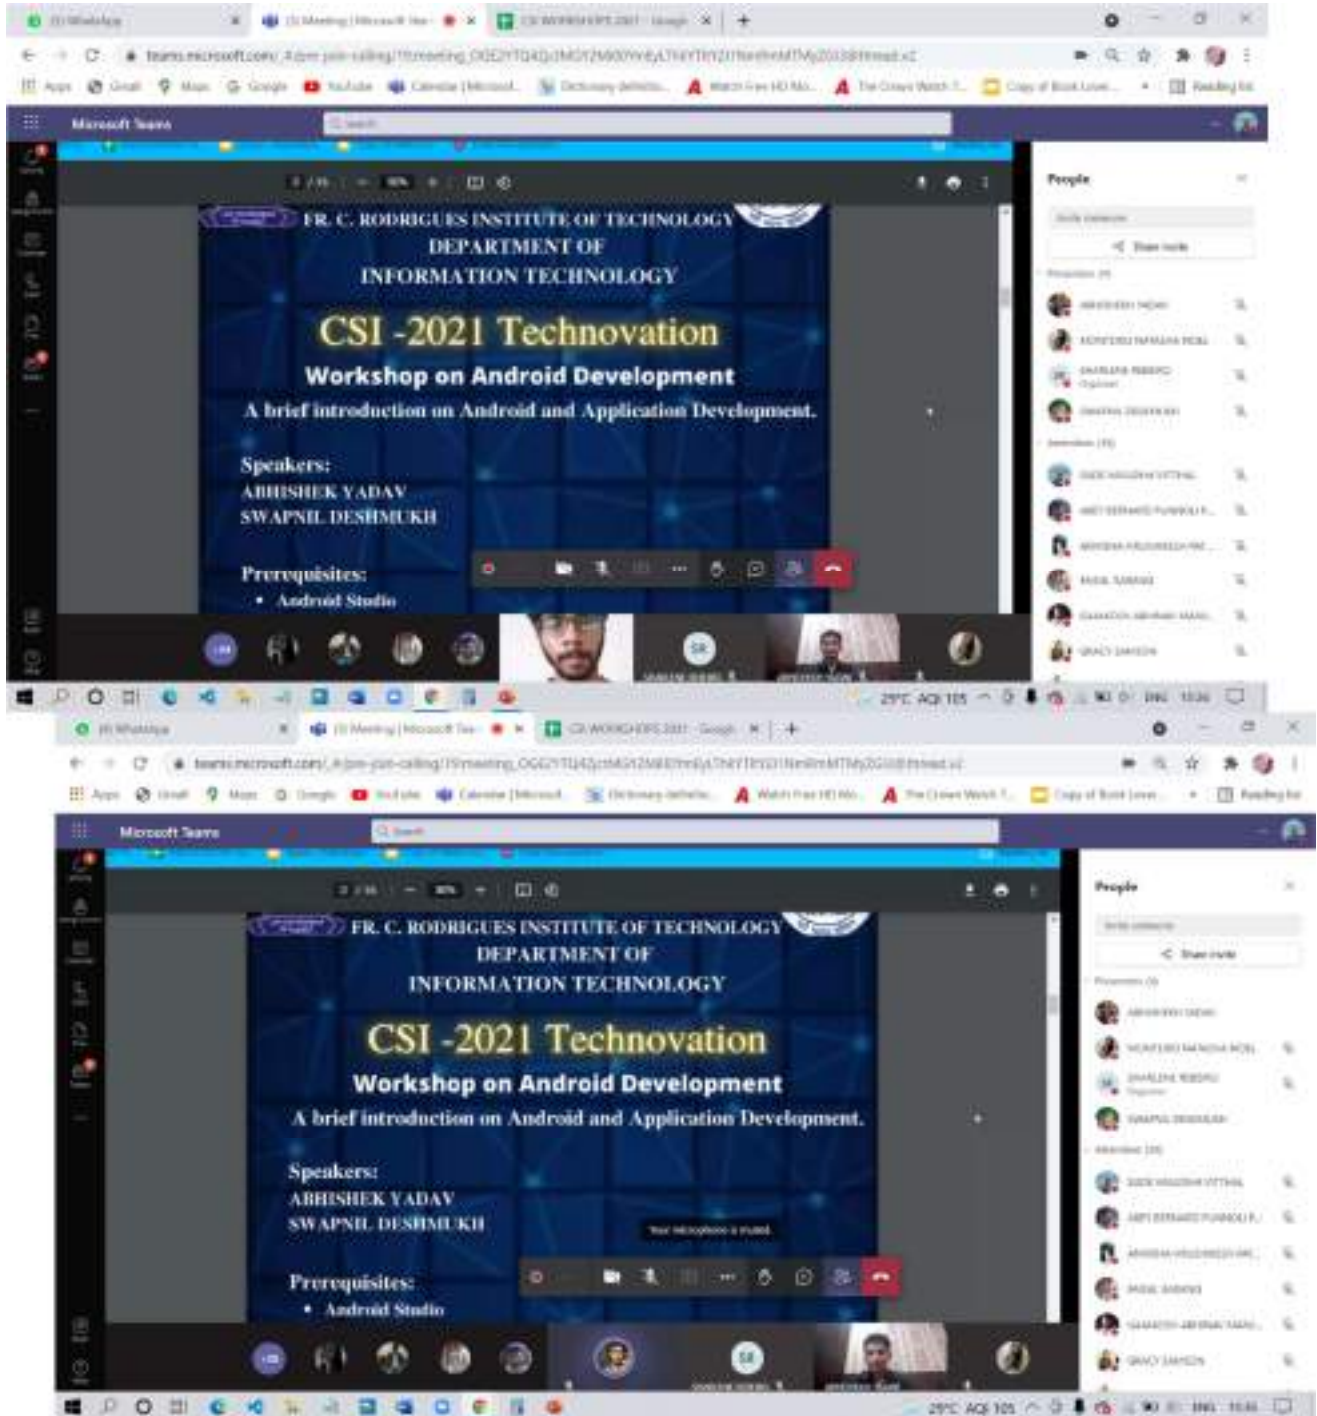

Later Demonstration of a real-life Project Developed using Android was given to the Students.

Workshop 3: NodeJS **Event Report**

- **Name of the Department/ Institute level Committee :** CSI-IT
- **Name of the Workshop :** NodeJs
- **Event Venue & Date :** Venue - MS Teams and Date - 01/09/2021
- **Nature of Participants :** Students of Semester 3 and 5 / Staff of IT Department FCRIT.
- **Number of Participants :** 25
- **Student Coordinator :** Andrea Myaboo and Aryan Vaity
- **Staff Coordinator :** Prof. Smita Rukhande and Shantanu Sir

Brief Summary of the Workshop

NodeJs was held on the third day of Technovation -2021, in the time slot of 5:00 pm to 7:00 pm.

Objective:

The main objective of this workshop was to show how application of Node.js is important in the modern era. It also aimed to cover Node.js ApI thus increasing the interest of the participants. Along with Node.js, the Express.js framework which makes it easy to handle web server. This workshop aimed to clear the Basics of NoSQL, MongoDB which are the most widely used database thus providing a basic knowledge of how Node.js works. The main aim of the workshop was to cover a project on Building a Movie-db with the help of Node.js.

Technical Description:

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

The main prerequisites of this work shop were Node.js, npm on their devices. MongoDB and Mongoose, Express.js. An app on Building a movie-db using Node.js.

Outcomes:

The entire workshop was conducted in a very uniform manner. Some technical or interpersonal issues were faced but it was solved with no further issues and interferences. It began with a formal introduction of the speaker by one of the student monitor. After that the session started and the speaker gave a detailed overview of how Node.js helps web developers with a better backend provision and how important it is as it can create, open, read, write, delete and close files on the server. It can be used to collect data, help in modifying the data in the database. Participants were given an insight on how Node.js handles call-backs. A brief introduction to fast, minimalist Node.js web framework that is on Express.js was given and how it can simplify development and make secure and fast applications. A detailed gist of the basics of MongoDB and Mongoose was covered. A project on building a Movie App with the help of REST API (Node.js) was very well explained and it helped the participants to get to know more.

Summary of Feedback :

Out of the 25 attendees only 21 filled the feedback out of which almost 58% were of semester 5 and 42% were of semester 3 . Following were the responses that were given for the workshop :

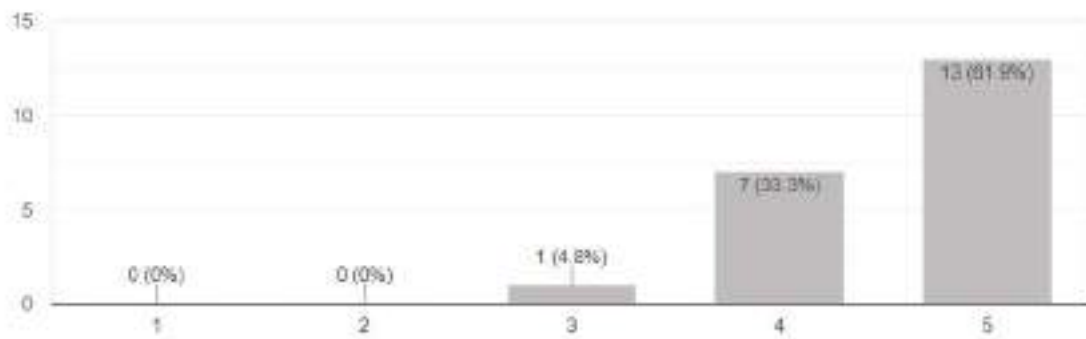

Agnel Charitie's

Workshop 4: Machine Learning **Event Report**

- **Name of the Department/ Institute level Committee :** CSI-IT
- **Name of the Workshop:** Machine Learning
- **Event Venue & Date:** Venue - MSTeams and Date - 31/08/2021
- **Nature of Participants :** Students of Semester 3 and 5 / Staff of IT Department FCRIT.
- **Number of Participants:** 40
- **Student Coordinator:** Joel Dsilva and Shriya Tickoo
- **Staff Coordinator:** Prof Suraj K and Binoy Sir

Brief Summary of the Workshop

Objective:

The main objective of this workshop is to give a brief introduction to ML and its various algorithms. It was also aimed to give a simple explanation of the various terms heard in the ML world. As ML is an upcoming field and is taking over the world by storm, this workshop will give a glimpse to the students and help them in starting off.

Technical Description:

The main prerequisites of this work shop were python 3.0+, jupyter on their devices.

Outcomes:

The entire workshop was conducted in a very uniform manner. No technical or interpersonal issues were faced. It began with a formal introduction of the speaker

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

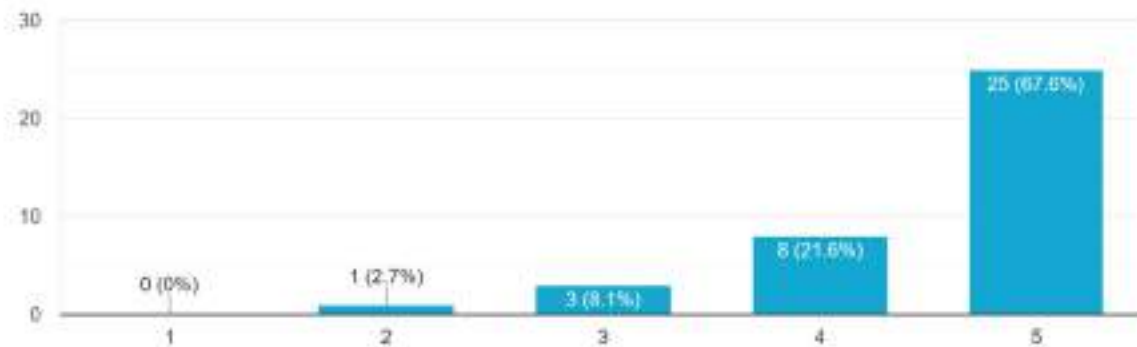

given by one of the student monitor. After that the workshop commenced. The speaker gave a detailed overview of what machine learning is, the various terms, charts, graphs are plotted and used. Many diagrams were shown regarding the same. Various types of plots were shown and calculations regarding them were explained. In the end some cool topics which were upcoming and currently used in the industry were explained. All in all, it was a highly informative session.

Summary of Feedback :

From the feedback which was filled by the participants; almost 54.1% were of semester 3, 37.8% were of semester 5 and 8.1% of semester 7. Following were the responses that were given for the workshop :

How satisfied were you with the event?

37 responses

Workshop 5: Image Processing **Event Report**

- **Name of the Department/ Institute level Committee :** CSI-IT
- **Name of the Workshop :** Image Processing
- **Event Venue & Date :** Venue - MS Teams and Date - 01/09/2021
- **Nature of Participants :** Students of Semester 3 and 5 / Staff of IT Department FCRIT.
- **Number of Participants :** 27
- **Student Coordinator :** Tini Tomy and Ninad Walanj
- **Staff Coordinator :** Prof Smita Rukhande and Binoy Sir

Brief Summary of the Workshop

Image Processing was held on the third day of Technovation -2021, in the time slot of 5:00 pm to 7:00 pm.

Objective:

The main objective of this workshop was to show how applications of image processing is useful in the modern era. The workshop aimed to cover the basics and give detailed review on the topic. Create an interest in the field of image processing in the participants thus helping them solve doubts and giving them a clear understanding. The second was to make them understand images and NumPy (Python library). To give detailed overview of the HSV Model which stands for Hue, Saturation and Value. Topics like thresholding,

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

blurring/smoothing, Gaussian Blur was aimed to cover with the help of a simple project.

Technical Description:

The main prerequisites of this workshop were installations of Anaconda Navigator, and launching Jupyter Notebook. The libraries included as prerequisites were NumPy.

Outcomes:

The entire workshop was conducted in a very uniform manner. No technical or interpersonal issues were faced. It began with a formal introduction of the speaker by one of the student monitor. After that the session started and the speakers gave a detailed overview of how image processing helps in various fields like medical, remote sensing, robot vision, color processing and many more. The speakers showed various projects in which image processing is used like the palm vein recognition. They gave a detailed abstract on use of NumPy in image processing and how python libraries are used in various applications. A basic understanding of color mixing, blurring / smoothing was given which made the concepts much clearer. They showed the analysis of the HSV Model, what and how it works. They briefed about image thresholding and edge detections with pictorial presentations. Gradients topic was covered with the help of mathematical derivations. A project on motion detection was presented by the speakers and was very well explained.

Agnel Charitie's

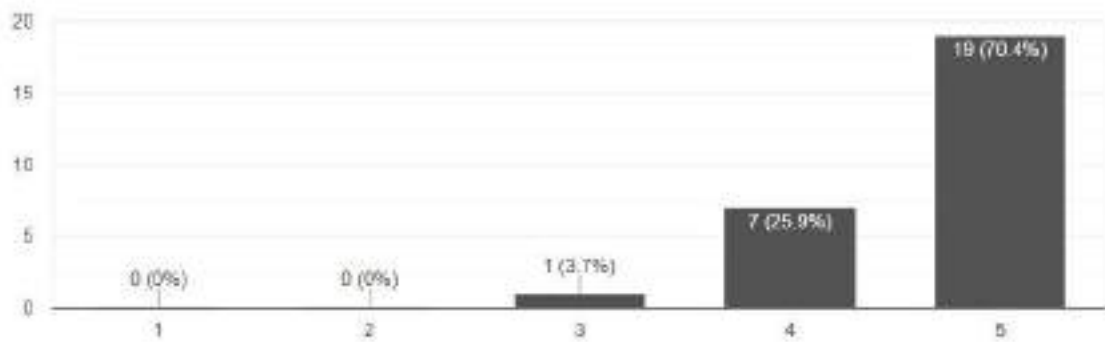

Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

Summary of Feedback :

Out of the 27 attendees, 27 filled the feedback out of which almost 60% were of semester 3 , 37% were of semester 5 and 3% of semester 7. Following were the responses that were given for the workshop :

How satisfied were you with the event?

27 responses

Overall feedback of the event

27 responses

Additional feedback on session content?

27 responses

- It was an amazing event 🙌
- Very informative
- Very good session
- Nothing
- The workshop was wonderful. It provided in-depth content about the mentioned topic. The topics were organised and explained very well.
- It was nice
- Gained new knowledge
- Nopr
- Technical issues could've been minimized

Only positive additional feedback was received.

Action to be Taken based on Feedback :

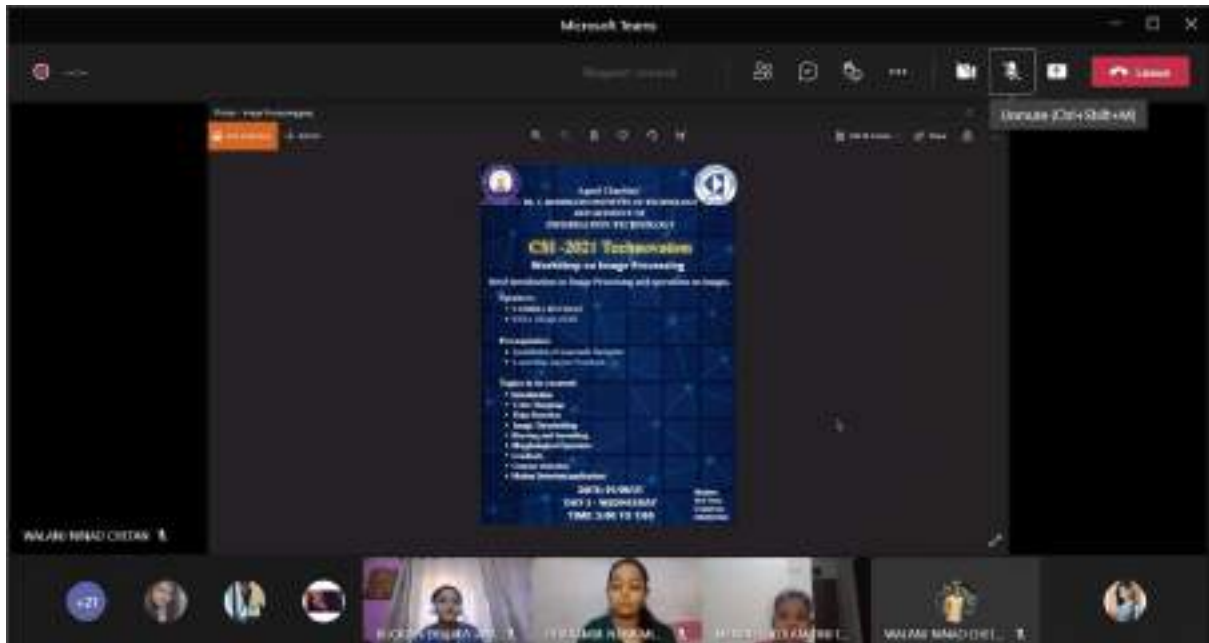

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

Based on the feedback and the additional feedback it is safe to say that the event was a success. Attendees were satisfied and happy with both the content and organizing committee. As there is always a growth for improvement, the factors on which we should act on is interaction with the attendees and minimizing certain technical issues.

Workshop 6: System Designs 101

Event Report

- **Name of the Department/ Institute level Committee:** CSI -IT
- **Name of the Event:** System Designs Workshop
- **Event Venue & Date:** The workshop was conducted on Microsoft Teams on 31 August 2021
- **Nature of Participants:** Students of semester III, V and VII were present at the workshop
- **Number of Participants:** Altogether 32 students had registered for this workshop
- **Student Coordinators:** Manaswee Koli and Abhinav Gajakosh
- **Staff Coordinator:** Prof. Kalpana Wani and Shantanu Sir

Brief Summary of the Event

Systems Design 101 Workshop was held on the second day of Technovation - 2021, in the time slot of 6pm to 8pm.

Objective:

The main objective of this workshop was to produce a model of the systems, which would help the data analyst to;

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

- Determine the data inputs.
- Draw a model of the new system using data flow.
- Define the data requirements with a data dictionary.
- Write program specification.

Technical Description:

There were no pre-requisites needed for the workshop. A complete walkthrough starting from basics was shared by the speaker. Various technical reference links were shared by the speaker during the workshop.

Outcomes:

The entire workshop was conducted in a very uniform manner. It began with a formal introduction of the speaker given by one of the student monitors. After that the workshop commenced with a brief introduction on Systems Design. The speaker then proceeded with topics which included the necessity of system designs and the applications of system designs. All the basic concepts of system design along with examples were well explained in the workshop. A complete overview of system designs along with pictorial representations were shared by the speaker. A gist on building an insightful resume was also given by the speaker. The speaker concluded the session by suggesting various tips and tricks to ace the system design interviews.

Summary of Feedback

Out of the 25 attendees, 24 filled the feedback out of which almost 75% were of semester 3, 15% were of semester 5 and 1% of semester 7. Following were the responses that were given for the workshop:

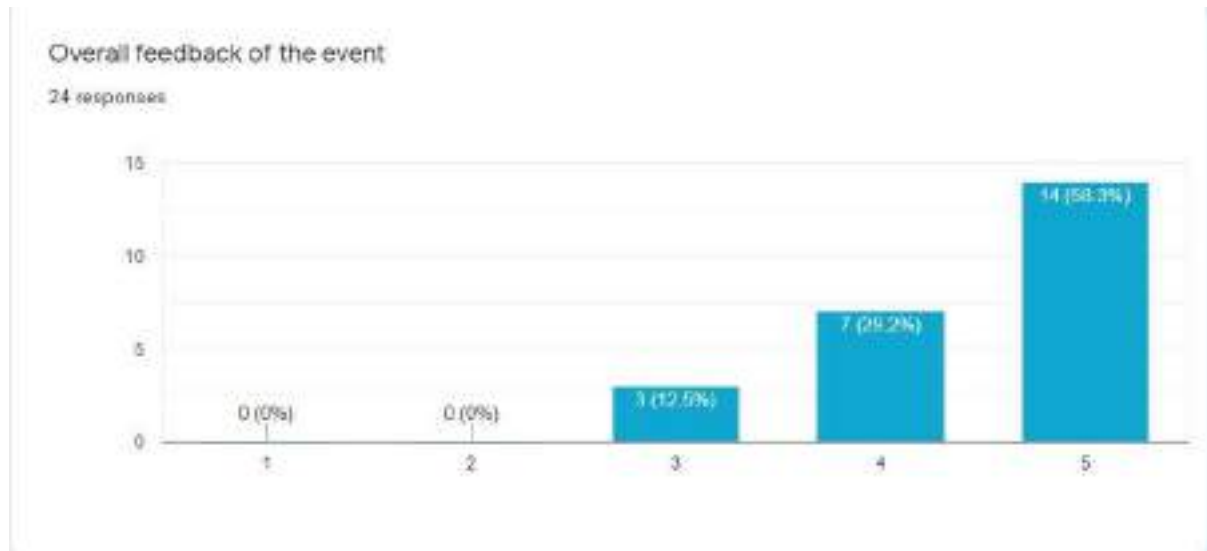

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

Only positive additional feedback was received.

Action to be Taken based on Feedback:

Based on the feedback and the additional feedback it is to say that the event was a success. Attendees were satisfied and happy with both the content and organizing committee. As there is always a growth for improvement, the factors on which we should act on is interaction with the attendees.

Workshop 7: Power BI **Event Report**

- **Name of the Department/ Institute level Committee :** CSI-IT
- **Name of the Workshop :** Power BI
- **Event Venue & Date :** Venue - MSTeams and Date - 02/09/2021
- **Nature of Participants :** Students of Semester 3 and 5 / Staff of IT Department FCRIT.
- **Number of Participants :** 24
- **Student Coordinator :** Easter Masih and Arpeet Makasare
- **Staff Coordinator :** Prof. Anand Pardeshi and Abhijeet sir

Brief Summary of the Workshop

Objective:

The main objective of this workshop is to extract meaningful insights form data which is useful in business intelligence.

Technical Description:

The main prerequisites of this workshop were Power BI Desktop. A link was provided for downloading the same.

Outcomes:

The entire workshop was conducted in proper manner. The workshop began with a formal introduction of the speaker by one of the student monitors. After that, the workshop commenced. The speaker first gave a detailed overview of Power BI and various fields related to data Like Data Analytics and Data visualization. The speaker was explaining with live demonstration through screen share and the participants were asked to perform the steps simultaneously. The steps were clear and the data was later represented using plots and diagrams as well. Overall, it was an informative session.

Brief Summary of the Workshop

Objective:

The main objective of this workshop is to give a brief introduction to Neural Networks and its various algorithms. It was also aimed to give a simple explanation of the various terms heard in the Computer Vision. Two of the most important types of neural networks ANN (Artificial Neural Networks) and CNN (Convolutional Neural Networks) were explained in this workshop, this workshop will give a glimpse to the students and help them in starting off with Computer vision and Neural Networks.

Technical Description:

The main prerequisites of this work shop were anaconda installation, pandas, numpy, matplotlib, scikit-learn and seaborn.

Outcomes:

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

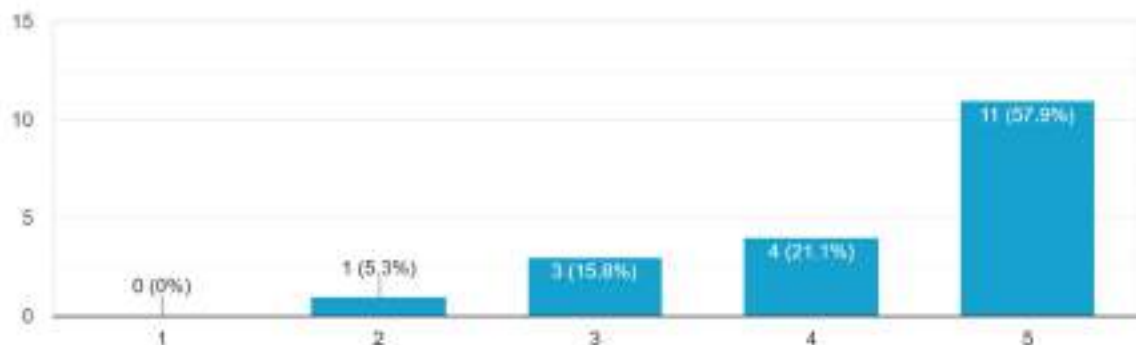

The entire workshop was conducted in a very uniform manner. No technical or interpersonal issues were faced. It began with a formal introduction of the speaker

given by one of the student monitors. After that the workshop commenced. The speaker gave a detailed overview of what neural networks is, and gave a brief explanation about various techniques used in ML and Computer Vision. Various types of plots were shown and calculations regarding them were explained. ANN and CNN were explained in detail. All in all, it was a highly informative session.

Summary of Feedback:

From the feedback which was filled by the participants; almost 52.6% were of semester 3, 26.3% were of semester 5 and 21.1% of semester 7. Following were the responses that were given for the workshop:

How satisfied were you with the event?

Contest 1: Environmental Quiz Event Report

- **Name of the Department/ Institute Level Committee:** CSI - IT
- **Name of the Activity/Event:** Environmental Quiz.
- **Activity/Event Venue & Date:** The Event was conducted on “Microsoft Teams Platform” on 30 August 2021.
- **Nature of Participants:** Students of Semester III, V, VII attended the Event.
- **Number of Participants:** Altogether 159 participated in this Event.
- **Student Coordinator:** Amay Ravi Tripathi and Jignesh Mathure.
- **Staff Coordinator:** Prof. Poonam B.
- **Summary of the Event:**

Objective:

The Objective of the Environmental Quiz was to create Awareness about the Pollution and Damage caused by Us to the Environment by evaluating the participants with Basic Questions about Environment and how to conserve it. The Quiz was also meant to Evoke Environmental Ethics within each Participant and also to inculcate the idea to come forward to Save Our Mother Earth.

The Link for the Contest was provided to the Participants in their Respective Groups. Participants had to Enter their Name, Engineering Semester, Roll no,

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

Email - ID, Official Teams Email – ID before starting the Quiz. All participants had to complete the Quiz in the Time Allotted which was 1 Hour.

Outcomes:

The Participants got More Knowledge about The Environment and what Steps shall be taken to take care of our Environment.

Notice:

This is to inform you that IT department has scheduled Workshop and contest “Technovation” for students of second, third and final year from 30th August, 2021 to 2nd September 2021.

Environmental Quiz was held on 30 August 2021. Altogether 159 students Participated in this Contest.

Contest 2: Technical Quiz

Event Report

- **Name of the Department/ Institute level Committee:** CSI -IT
- **Name of the Event:** Technical Quiz
- **Event Venue & Date:** The event was conducted on a platform called “KAHOOT” on 30 August 2021
- **Nature of Participants:** Students of semester 3, 5 and 7 attended the event
- **Number of Participants:** Altogether 42 students registered for this event
- **Student Coordinators:** Sherin Thomas, Mikhael Uzagre
- **Staff Coordinator:** Prof. Suraj Khandare, Abhijit A.

Brief Summary of the Event:

Technical quiz was held on the first day of Technovation -2021, in the time slot of 3:30pm to 5:30pm.

Objectives:

The objective of conducting a technical quiz was to evaluate the knowledge of the participants within academics as well as beyond academics and to make them familiar with the prospects of technical quizzes and the objectivity of the

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

questions in C language. The quiz was meant to challenge participants and their minds to think in a different way, improving their score with each run.

Technical Description:

It was mandatory for the participants to have either a mobile or a laptop, or a dual screen option, else any one of the above devices.

Outcomes:

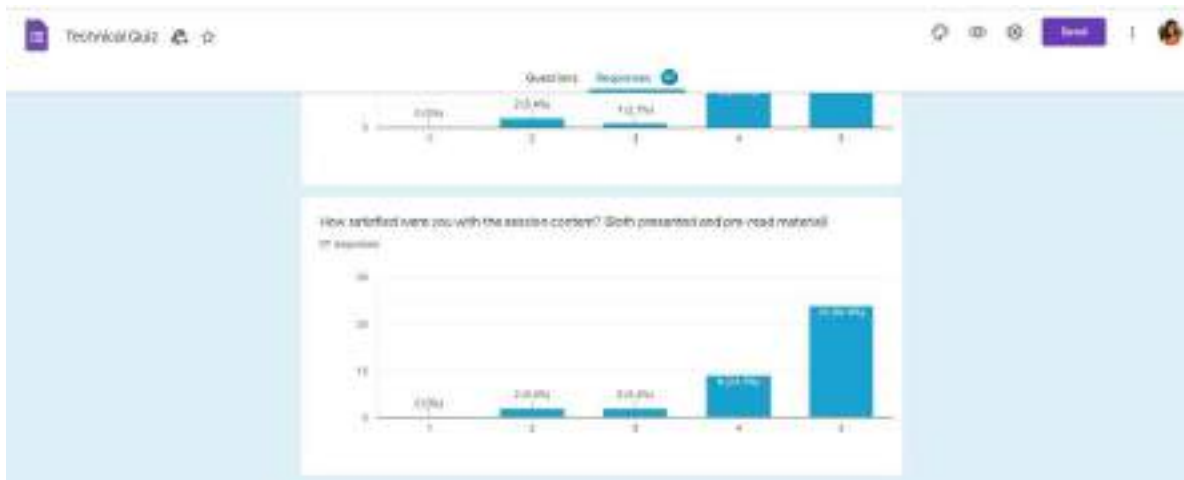

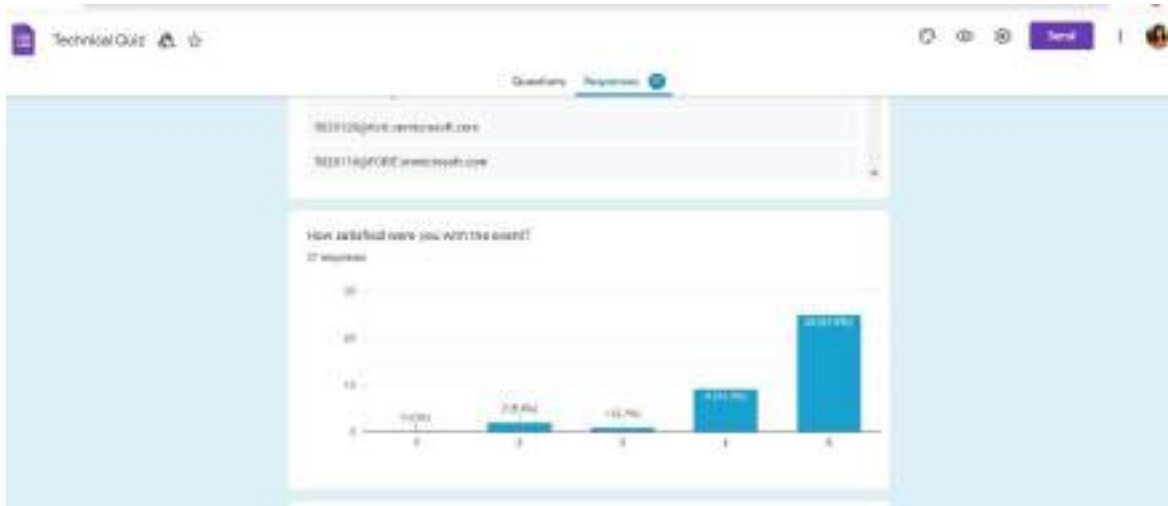

The entire contest was conducted in a very uniform manner. It began with a brief introduction of the contest given by one of the student monitors. All the rules and regulations were provided to the participants by the student monitors. Every participant was given a specific Room ID through which they can join. After joining the room, participants had to enter their roll number in required field. Once joined the room, the participants were not allowed to exit unless they had submitted their response. Each question had a specific time limit depending upon its difficulty level. The question once visited was unable to view again.

Summary of Feedback:

Out of the 42 participants, 37 students filled the feedback out of which almost 70.3% were of semester 3, 21.6% were of semester 5 and 8.1% of semester 7. Following were the responses that were given for the workshop:

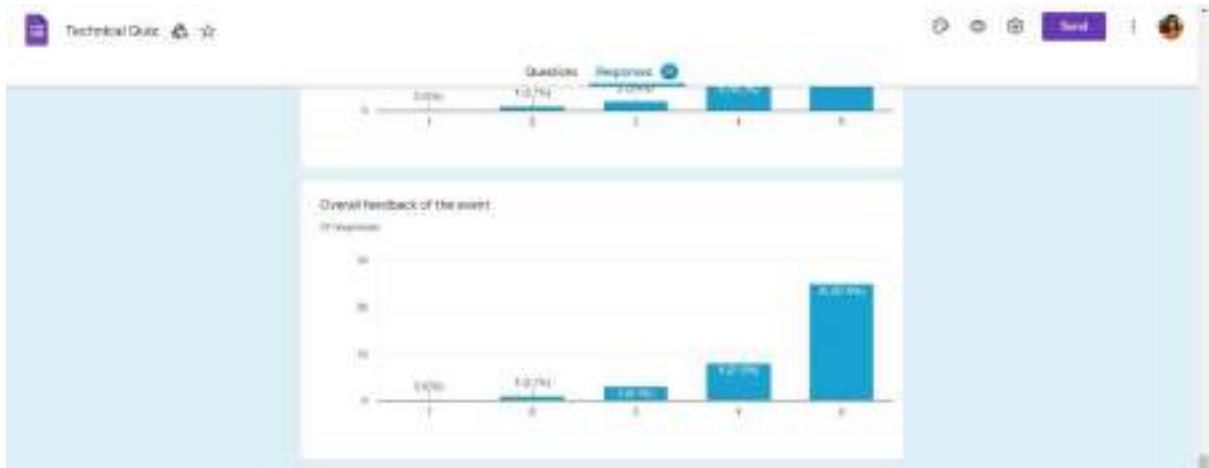

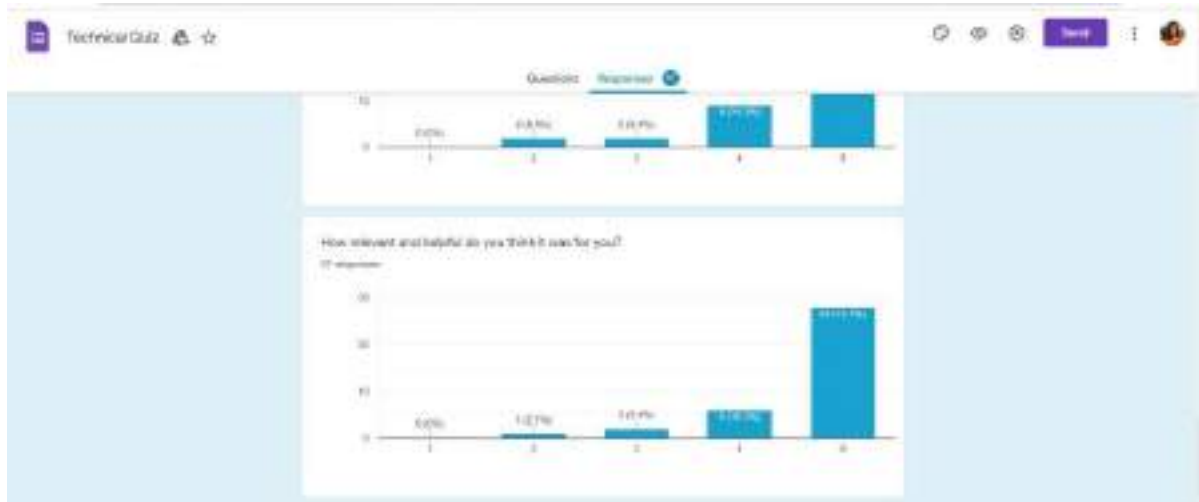

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

Agnel Charitie's
Fr. C. Rodrigues Institute of Technology, Vashi, Navi-Mumbai
Department of Information Technology

Only positive additional feedback was received.

Action to be Taken based on Feedback:

Based on the feedback and the additional feedback it is to say that the event was a success. Attendees were satisfied and happy with both the contest and

Agnel Charitie's
